## Agreement to Terms and Certification

The Applicant understands that this application may not be approved if the requirements of the program are not met. The Applicant understands that final payment will be contingent on meeting all the terms and conditions of the program. Payment will be issued to the applicant.

I certify that the Applicant and the Facility has neither applied for or received, nor will apply for or receive, an incentive or other compensation from an energy efficiency program administered by a utility company listed herein or from NYSERDA for the same energy efficiency measure that is covered by this application.

The Applicant also certifies that: For a Pre-Qualified project: the project measures for which the Applicant is seeking reimbursement were installed or commissioned, whichever is later, within 90 days of this signature. For a Performance-Based project: the date of the contract for the work for which the Applicant is seeking reimbursement was entered into no longer than 90 days prior to this signature.

If applying for electric and/or gas incentives, the Applicant certifies that this Facility is a customer of a New York State investor-owned utility and the System Benefits Charge is paid.

Under penalties of perjury, the Applicant certifies that:

1. The Federal ID # and/or social security # shown on this form is the correct taxpayer identification number of the Applicant (or the Applicant is waiting for a number to be issued to them), and
2. The Applicant is not subject to backup withholding because: (a) the Applicant is exempt from backup withholding, or (b) the Applicant has not been notified by the Internal Revenue Service (IRS) that they are subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified the Applicant that they are no longer subject to backup withholding, and
3. The Applicant is a U.S. citizen or other U.S. person
