

Non-Residential Energy Efficiency Rebate Program

National Fuel's Non-Residential Energy Efficiency Rebate Program offers WNY non-residential customers several money-saving rebates for replacing specified equipment with new, energy-efficient models.

Two Ways to Save with National Fuel:

- | | |
|--|--|
| 1. Fixed (Pre-Qualified) Rebate | Available on pre-qualified equipment. (See table below.) |
| 2. Customized (Performance-Based) Rebate | Determined case by case, based on the results of an energy-use analysis. Performance-based incentives are determined by multiplying \$10 or \$25 (determined by the measure implemented) times the annual gas savings in Mcf. Rebate cap of \$50,000 per program year for "Conditional Neutral" and \$100,000 for "Strategic" incentives, not to exceed \$150,000 in total incentives. |

Technical assistance available through NYSERDA. See FuelingTomorrowToday.com for more information.

Pre-Qualified Rebates

Equipment Type	Minimum Efficiency	Equipment Size (MBtu/h)	National Fuel Rebate
Conditional Neutral Measures			
Natural Gas Air Furnace	≥ 95% AFUE		\$5.00/MBtu/h
	≥ 90% AFUE	≤ 300	\$1,000
	≥ 90% ET	301-500	\$1,500
Natural Gas Condensing Hot Water Boiler	≥ 90% ET	501-1,000	\$2,500
	≥ 90% ET	1,001-1,700	\$3,500
	≥ 90% ET	> 1,700	\$4,500
Natural Gas Steam Boiler	≥ 82% AFUE	≤ 300	\$2.00/MBtu/h
	≥ 79% ET	301-2,500	\$1.00/MBtu/h
	≥ 80% ET	2,501-10,000	\$1.00/MBtu/h
Natural Gas Unit Heater	≥ 90% AFUE or ET		\$2.00/MBtu/h
Strategic Measures			
Air Curtain			\$2,500/doorway
Demand Control Ventilation	N/A		\$200/sensor
Pipe Insulation	R-value ≥ 4. For existing gas-fired hot water or steam systems only.		\$2.00/ft.
Duct Insulation	R-value ≥ 6. For heating systems that utilize gas combustion equipment only.		\$7.25/ft.
ENERGY STAR™ Rated Smart Thermostat or Connected Thermostat	N/A		\$200

Limitations – Duct and pipe Insulation incentives cannot exceed over 50% of project cost.

In order to be eligible for Conditional Neutral Measures, the equipment and site must meet certain criteria. See the Non-Residential rebate application for more information, available at FuelingTomorrowToday.com.

FuelingTomorrowToday.com

Rebates only for equipment installed between 1/1/26 and 12/31/26.
